

BIDS AND AWARDS COMMITTEE (BAC)

NOTICE OF POSTPONEMENT

**PROCUREMENT OF ANALYTICAL SERVICES FOR WATER QUALITY
MONITORING PROGRAM (CONTRACT NO. RO-PG2020-004)**

January 29, 2021

TO ALL CONCERNED:

In compliance with Government Procurement Policy Board (GPPB) Resolution No. 09-2020, the following are the details and implications of the postponement of contract signing schedule on 08 January 2021:

1. The postponement is due to the letter from CRL Environmental Corporation (CRL) dated 07 January 2021 requesting for postponement of contract signing because its authorized signatory was experiencing flu-like symptoms and undergoing self-quarantine and will be tested for COVID-19 over the weekend;
2. A letter from CRL dated 11 January 2021 confirmed that its authorized signatory contracted COVID-19. The same letter contained CRL's request for an alternative authorized signatory for the Contract and Performance Bond;
3. The contract signing was thus postponed until CRL's authorized signatory has recovered from COVID-19 or an alternative authorized signatory has been designated by CRL;

For guidance and information of all concerned.
