

PHILIPPINE BIDDING DOCUMENTS

Procurement of Analytical Services for Water Quality Monitoring Program 2024 - Lot I Microbiological; and Physical and Chemical Parameters

RO-PG-2024-001-Lot1

Government of the Republic of the Philippines

April 2024

Preface

These Philippine Bidding Documents (PBDs) for the procurement of Goods through Competitive Bidding have been prepared by the Government of the Philippines for use by any branch, constitutional commission or office, agency, department, bureau, office, or instrumentality of the Government of the Philippines, National Government Agencies, including Government-Owned and/or Controlled Corporations, Government Financing Institutions, State Universities and Colleges, and Local Government Unit. The procedures and practices presented in this document have been developed through broad experience, and are for mandatory use in projects that are financed in whole or in part by the Government of the Philippines or any foreign government/foreign or international financing institution in accordance with the provisions of the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184.

The Bidding Documents shall clearly and adequately define, among others: (i) the objectives, scope, and expected outputs and/or results of the proposed contract or Framework Agreement, as the case may be; (ii) the eligibility requirements of Bidders; (iii) the expected contract or Framework Agreement duration, the estimated quantity in the case of procurement of goods, delivery schedule and/or time frame; and (iv) the obligations, duties, and/or functions of the winning bidder.

Care should be taken to check the relevance of the provisions of the PBDs against the requirements of the specific Goods to be procured. If duplication of a subject is inevitable in other sections of the document prepared by the Procuring Entity, care must be exercised to avoid contradictions between clauses dealing with the same matter.

Moreover, each section is prepared with notes intended only as information for the Procuring Entity or the person drafting the Bidding Documents. They shall not be included in the final documents. The following general directions should be observed when using the documents:

- a. All the documents listed in the Table of Contents are normally required for the procurement of Goods. However, they should be adapted as necessary to the circumstances of the particular Procurement Project.
- b. Specific details, such as the “*name of the Procuring Entity*” and “*address for bid submission*,” should be furnished in the Instructions to Bidders, Bid Data Sheet, and Special Conditions of Contract. The final documents should contain neither blank spaces nor options.
- c. This Preface and the footnotes or notes in italics included in the Invitation to Bid, Bid Data Sheet, General Conditions of Contract, Special Conditions of Contract, Schedule of Requirements, and Specifications are not part of the text of the final document, although they contain instructions that the Procuring Entity should strictly follow.

- d. The cover should be modified as required to identify the Bidding Documents as to the Procurement Project, Project Identification Number, and Procuring Entity, in addition to the date of issue.
- e. Modifications for specific Procurement Project details should be provided in the Special Conditions of Contract as amendments to the Conditions of Contract. For easy completion, whenever reference has to be made to specific clauses in the Bid Data Sheet or Special Conditions of Contract, these terms shall be printed in bold typeface on Sections I (Instructions to Bidders) and III (General Conditions of Contract), respectively.
- f. For guidelines on the use of Bidding Forms and the procurement of Foreign-Assisted Projects, these will be covered by a separate issuance of the Government Procurement Policy Board.

Section II. Instructions to Bidders

Notes on the Instructions to Bidders

This Section on the Instruction to Bidders (ITB) provides the information necessary for bidders to prepare responsive bids, in accordance with the requirements of the Procuring Entity. It also provides information on bid submission, eligibility check, opening and evaluation of bids, post-qualification, and on the award of contract.

1. Scope of Bid

The Procuring Entity, **METROPOLITAN WATERWORKS AND SEWERAGE SYSTEM - REGULATORY OFFICE (MWSS RO)** wishes to receive Bids for the Procurement of Analytical Services for Water Quality Monitoring Program 2024 - Lot I Microbiological; and Physical and Chemical Parameters with identification number RO-PG2024-001.

The Procurement Project (referred to herein as “Project”) is composed of 1 lot, the details of which are described in Section VII (Technical Specifications).

2. Funding Information

2.1. The GOP through the source of funding as indicated below for FY 2024 in the amount of *Four Million Three Hundred Nine Thousand Three Hundred Sixty Pesos (Php 4,309,360.00)*.

2.2. The source of funding is:

a. RO en banc approved 2024 Corporate Operating Budget

3. Bidding Requirements

The Bidding for the Project shall be governed by all the provisions of RA No. 9184 and its 2016 revised IRR, including its Generic Procurement Manuals and associated policies, rules and regulations as the primary source thereof, while the herein clauses shall serve as the secondary source thereof.

Any amendments made to the IRR and other GPPB issuances shall be applicable only to the ongoing posting, advertisement, or **IB** by the BAC through the issuance of a supplemental or bid bulletin.

The Bidder, by the act of submitting its Bid, shall be deemed to have verified and accepted the general requirements of this Project, including other factors that may affect the cost, duration and execution or implementation of the contract, project, or work and examine all instructions, forms, terms, and project requirements in the Bidding Documents.

4. Corrupt, Fraudulent, Collusive, and Coercive Practices

The Procuring Entity, as well as the Bidders and Suppliers, shall observe the highest standard of ethics during the procurement and execution of the contract. They or through an agent shall not engage in corrupt, fraudulent, collusive, coercive, and obstructive practices defined under Annex “I” of the 2016 revised IRR of RA No. 9184 or other integrity violations in competing for the Project.

5. Eligible Bidders

5.1. Only Bids of Bidders found to be legally, technically, and financially capable will be evaluated.

- 5.2. Pursuant to Section 23.4.1.3 of the 2016 revised IRR of RA No.9184, the Procuring Entity has determined, after the conduct of market research, that imposition of “The Bidder must have completed a single contract that is similar to this Project, equivalent to at least fifty percent (50%) of the ABC” will likely result to monopoly that will defeat the purpose of public bidding, the Bidder should comply with the following requirements:
- a. Completed at least two (2) similar contracts, the aggregate amount of which should be equivalent to at least fifty percent (50%) of the ABC for this Project; and
 - b. The largest of these similar contracts must be equivalent to at least half of the percentage of the ABC as required above.
- 5.3. The Bidders shall comply with the eligibility criteria under Section 23.4.1 of the 2016 IRR of RA No. 9184.

6. Origin of Goods

There is no restriction on the origin of goods other than those prohibited by a decision of the UN Security Council taken under Chapter VII of the Charter of the UN, subject to Domestic Preference requirements under **ITB** Clause 18.

7. Subcontracts

- 7.1. The Bidder may subcontract portions of the Project to the extent allowed by the Procuring Entity as stated herein, but in no case more than twenty percent (20%) of the Project.

The Procuring Entity has prescribed that:

- a. Subcontracting is allowed. The portions of Project and the maximum percentage allowed to be subcontracted are indicated in the BDS, which shall not exceed twenty percent (20%) of the contracted Goods.
- 7.2. The Supplier may identify its subcontractor during the contract implementation stage. Subcontractors identified during the bidding may be changed during the implementation of this Contract. Subcontractors must submit the documentary requirements under Section 23.1 of the 2016 revised IRR of RA No. 9184 and comply with the eligibility criteria specified in ITB Clause 5 to the implementing or end-user unit.
- 7.3. Subcontracting of any portion of the Project does not relieve the Supplier of any liability or obligation under the Contract. The Supplier will be responsible for the acts, defaults, and negligence of any subcontractor, its agents, servants, or workmen as fully as if these were the Supplier's own acts, defaults, or negligence, or those of its agents, servants, or workmen.

8. Pre-Bid Conference

The Procuring Entity will hold a pre-bid conference for this Project on the specified date and time either at its physical address and/or through videoconferencing/webcasting as indicated in paragraph 6 of the **IB**.

9. Clarification and Amendment of Bidding Documents

Prospective bidders may request for clarification on and/or interpretation of any part of the Bidding Documents. Such requests must be in writing and received by the Procuring Entity, either at its given address or through electronic mail indicated in the **IB**, at least ten (10) calendar days before the deadline set for the submission and receipt of Bids.

10. Documents comprising the Bid: Eligibility and Technical Components

- 10.1. The first envelope shall contain the eligibility and technical documents of the Bid as specified in **Section VIII (Checklist of Technical and Financial Documents)**.
- 10.2. The Bidder's SLCC as indicated in **ITB** Clause 5.3 should have been completed within five (5) years prior to the deadline for the submission and receipt of bids.
- 10.3. If the eligibility requirements or statements, the bids, and all other documents for submission to the BAC are in foreign language other than English, it must be accompanied by a translation in English, which shall be authenticated by the appropriate Philippine foreign service establishment, post, or the equivalent office having jurisdiction over the foreign bidder's affairs in the Philippines. Similar to the required authentication above, for Contracting Parties to the Apostille Convention, only the translated documents shall be authenticated through an apostille pursuant to GPPB Resolution No. 13-2019 dated 23 May 2019. The English translation shall govern, for purposes of interpretation of the bid.

11. Documents comprising the Bid: Financial Component

- 11.1. The second bid envelope shall contain the financial documents for the Bid as specified in **Section VIII (Checklist of Technical and Financial Documents)**.
- 11.2. If the Bidder claims preference as a Domestic Bidder or Domestic Entity, a certification issued by DTI shall be provided by the Bidder in accordance with Section 43.1.3 of the 2016 revised IRR of RA No. 9184.
- 11.3. Any bid exceeding the ABC indicated in paragraph 1 of the **IB** shall not be accepted.
- 11.4. For Foreign-funded Procurement, a ceiling may be applied to bid prices provided the conditions are met under Section 31.2 of the 2016 revised IRR of RA No. 9184.

12. Bid Prices

12.1. Prices indicated on the Price Schedule shall be entered separately in the following manner:

- a. For Goods offered from within the Procuring Entity's country:
 - i. The price of the Goods quoted EXW (ex-works, ex-factory, ex-warehouse, ex-showroom, or off-the-shelf, as applicable);
 - ii. The cost of all customs duties and sales and other taxes already paid or payable;
 - iii. The cost of transportation, insurance, and other costs incidental to delivery of the Goods to their final destination; and
 - iv. The price of other (incidental) services, if any, listed in the **BDS**.
- b. For Goods offered from abroad:
 - i. Unless otherwise stated in the **BDS**, the price of the Goods shall be quoted delivered duty paid (DDP) with the place of destination in the Philippines as specified in the **BDS**. In quoting the price, the Bidder shall be free to use transportation through carriers registered in any eligible country. Similarly, the Bidder may obtain insurance services from any eligible source country.
 - ii. The price of other (incidental) services, if any, as listed in the **BDS**.

13. Bid and Payment Currencies

13.1. For Goods that the Bidder will supply from outside the Philippines, the bid prices may be quoted in the local currency or tradeable currency accepted by the BSP at the discretion of the Bidder. However, for purposes of bid evaluation, Bids denominated in foreign currencies, shall be converted to Philippine currency based on the exchange rate as published in the BSP reference rate bulletin on the day of the bid opening.

13.2. Payment of the contract price shall be made in:

- a. **Philippine Pesos.**

14. Bid Security

14.1. The Bidder shall submit a Bid Securing Declaration or any form of Bid Security in the amount indicated in the **BDS**, which shall be not less than the percentage of the ABC in accordance with the schedule in the **BDS**.

- 14.2. The Bid and bid security shall be valid for one hundred twenty (120) calendar days from the Bid Opening. Any Bid not accompanied by an acceptable bid security shall be rejected by the Procuring Entity as non-responsive.

15. Sealing and Marking of Bids

Each Bidder shall submit one copy of the first and second components of its Bid.

The MWSS RO would like to request submission of One (1) Scanned Copy of the first and second components of its Bid, stored in a USB flash drive and placed inside the sealed bid. Failure to comply with this request shall not be a ground for disqualification.

If the Procuring Entity allows the submission of bids through online submission or any other electronic means, the Bidder shall submit an electronic copy of its Bid, which must be digitally signed. An electronic copy that cannot be opened or is corrupted shall be considered non-responsive and, thus, automatically disqualified.

16. Deadline for Submission of Bids

- 16.1. The Bidders shall submit on the specified date and time and either at its physical address or through online submission as indicated in paragraph 7 of the **IB**.

17. Opening and Preliminary Examination of Bids

- 17.1. The BAC shall open the Bids in public at the time, on the date, and at the place specified in paragraph 9 of the **IB**. The Bidders' representatives who are present shall sign a register evidencing their attendance. In case videoconferencing, webcasting or other similar technologies will be used, attendance of participants shall likewise be recorded by the BAC Secretariat.

In case the Bids cannot be opened as scheduled due to justifiable reasons, the rescheduling requirements under Section 29 of the 2016 revised IRR of RA No. 9184 shall prevail.

- 17.2. The preliminary examination of bids shall be governed by Section 30 of the 2016 revised IRR of RA No. 9184.

18. Domestic Preference

- 18.1. The Procuring Entity will grant a margin of preference for the purpose of comparison of Bids in accordance with Section 43.1.2 of the 2016 revised IRR of RA No. 9184.

19. Detailed Evaluation and Comparison of Bids

- 19.1. The Procuring Entity's BAC shall immediately conduct a detailed evaluation of all Bids rated "*passed*," using non-discretionary pass/fail criteria. The BAC shall consider the conditions in the evaluation of Bids under Section 32.2 of the 2016 revised IRR of RA No. 9184.

- 19.2. If the Project allows partial bids, bidders may submit a proposal on any of the lots or items, and evaluation will be undertaken on a per lot or item basis, as the case maybe. In this case, the Bid Security as required by **ITB** Clause 14 shall be submitted for each lot or item separately.
- 19.3. The descriptions of the lots or items shall be indicated in **Section VII (Technical Specifications)**, although the ABCs of these lots or items are indicated in the **BDS** for purposes of the NFCC computation pursuant to Section 23.4.2.6 of the 2016 revised IRR of RA No. 9184. The NFCC must be sufficient for the total of the ABCs for all the lots or items participated in by the prospective Bidder.
- 19.4. The Project shall be awarded as follows:
- One Project having several items that shall be awarded as one contract.
- 19.5. Except for bidders submitting a committed Line of Credit from a Universal or Commercial Bank in lieu of its NFCC computation, all Bids must include the NFCC computation pursuant to Section 23.4.1.4 of the 2016 revised IRR of RA No. 9184, which must be sufficient for the total of the ABCs for all the lots or items participated in by the prospective Bidder. For bidders submitting the committed Line of Credit, it must be at least equal to ten percent (10%) of the ABCs for all the lots or items participated in by the prospective Bidder.

20. Post-Qualification

- 20.1. Within a non-extendible period of five (5) calendar days from receipt by the Bidder of the notice from the BAC that it submitted the Lowest Calculated Bid, the Bidder shall submit its latest income and business tax returns filed and paid through the BIR Electronic Filing and Payment System (eFPS) and other appropriate licenses and permits required by law and stated in the **BDS**.

21. Signing of the Contract

- 21.1. The documents required in Section 37.2 of the 2016 revised IRR of RA No. 9184 shall form part of the Contract. Additional Contract documents are indicated in the **BDS**.

Section III. Bid Data Sheet

Notes on the Bid Data Sheet

The Bid Data Sheet (BDS) consists of provisions that supplement, amend, or specify in detail, information, or requirements included in the ITB found in Section II, which are specific to each procurement.

This Section is intended to assist the Procuring Entity in providing the specific information in relation to corresponding clauses in the ITB and has to be prepared for each specific procurement.

The Procuring Entity should specify in the BDS information and requirements specific to the circumstances of the Procuring Entity, the processing of the procurement, and the bid evaluation criteria that will apply to the Bids. In preparing the BDS, the following aspects should be checked:

- a. Information that specifies and complements provisions of the ITB must be incorporated.
- b. Amendments and/or supplements, if any, to provisions of the ITB as necessitated by the circumstances of the specific procurement, must also be incorporated.

Section IV. General Conditions of Contract

Notes on the General Conditions of Contract

The General Conditions of Contract (GCC) in this Section, read in conjunction with the Special Conditions of Contract in Section V and other documents listed therein, should be a complete document expressing all the rights and obligations of the parties.

Matters governing performance of the Supplier, payments under the contract, or matters affecting the risks, rights, and obligations of the parties under the contract are included in the GCC and Special Conditions of Contract.

Any complementary information, which may be needed, shall be introduced only through the Special Conditions of Contract.

1. Scope of Contract

This Contract shall include all such items, although not specifically mentioned, that can be reasonably inferred as being required for its completion as if such items were expressly mentioned herein. All the provisions of RA No. 9184 and its 2016 revised IRR, including the Generic Procurement Manual, and associated issuances, constitute the primary source for the terms and conditions of the Contract, and thus, applicable in contract implementation. Herein clauses shall serve as the secondary source for the terms and conditions of the Contract.

This is without prejudice to Sections 74.1 and 74.2 of the 2016 revised IRR of RA No. 9184 allowing the GPPB to amend the IRR, which shall be applied to all procurement activities, the advertisement, posting, or invitation of which were issued after the effectivity of the said amendment.

Additional requirements for the completion of this Contract shall be provided in the **Special Conditions of Contract (SCC)**.

2. Advance Payment and Terms of Payment

2.1. Advance payment of the contract amount is provided under Annex “D” of the revised 2016 IRR of RA No. 9184.

2.2. The Procuring Entity is allowed to determine the terms of payment on the partial or staggered delivery of the Goods procured, provided such partial payment shall correspond to the value of the goods delivered and accepted in accordance with prevailing accounting and auditing rules and regulations. The terms of payment are indicated in the **SCC**.

3. Performance Security

Within ten (10) calendar days from receipt of the Notice of Award by the Bidder from the Procuring Entity but in no case later than the signing of the Contract by both parties, the successful Bidder shall furnish the performance security in any of the forms prescribed in Section 39 of the 2016 revised IRR of RA No. 9184.

4. Inspection and Tests

The Procuring Entity or its representative shall have the right to inspect and/or to test the Goods to confirm their conformity to the Project specifications at no extra cost to the Procuring Entity in accordance with the Generic Procurement Manual. In addition to tests in the **SCC, Section VII (Technical Specifications)** shall specify what inspections and/or tests the Procuring Entity requires, and where they are to be conducted. The Procuring Entity shall notify the Supplier in writing, in a timely manner, of the identity of any representatives retained for these purposes.

All reasonable facilities and assistance for the inspection and testing of Goods, including access to drawings and production data, shall be provided by the Supplier to the authorized inspectors at no charge to the Procuring Entity.

5. Warranty

- 5.1 In order to assure that manufacturing defects shall be corrected by the Supplier, a warranty shall be required from the Supplier as provided under Section 62.1 of the 2016 revised IRR of RA No. 9184.
- 5.2 The Procuring Entity shall promptly notify the Supplier in writing of any claims arising under this warranty. Upon receipt of such notice, the Supplier shall, repair or replace the defective Goods or parts thereof without cost to the Procuring Entity, pursuant to the Generic Procurement Manual.

6. Liability of the Supplier

The Supplier's liability under this Contract shall be as provided by the laws of the Republic of the Philippines.

If the Supplier is a joint venture, all partners to the joint venture shall be jointly and severally liable to the Procuring Entity.

Section V. Special Conditions of Contract

Notes on the Special Conditions of Contract

Similar to the BDS, the clauses in this Section are intended to assist the Procuring Entity in providing contract-specific information in relation to corresponding clauses in the GCC found in Section IV.

The Special Conditions of Contract (SCC) complement the GCC, specifying contractual requirements linked to the special circumstances of the Procuring Entity, the Procuring Entity's country, the sector, and the Goods purchased. In preparing this Section, the following aspects should be checked:

- a. Information that complements provisions of the GCC must be incorporated.
- b. Amendments and/or supplements to provisions of the GCC as necessitated by the circumstances of the specific purchase, must also be incorporated.

However, no special condition which defeats or negates the general intent and purpose of the provisions of the GCC should be incorporated herein.

Special Conditions of Contract

GCC Clause	
1	<p>Delivery and Documents – For purposes of the Contract, “EXW,” “FOB,” “FCA,” “CIF,” “CIP,” “DDP” and other trade terms used to describe the obligations of the parties shall have the meanings assigned to them by the current edition of INCOTERMS published by the International Chamber of Commerce, Paris. The Delivery terms of this Contract shall be as follows:</p> <p>Risk and title will pass from the Supplier to the Procuring Entity upon receipt and final acceptance of the Goods at their final destination.</p> <p>Delivery of the Goods shall be made by the Supplier in accordance with the terms specified in Section VI (Schedule of Requirements).</p> <p>For purposes of this Clause the Procuring Entity’s Representative at the Project Site is:</p> <p>MWSS RO Building Katipunan Avenue, corner H. Ventura Street, Barangay Pansol, Balara, Quezon City</p> <p>Packaging – The Supplier shall provide such packaging of the Goods as is required to prevent their damage or deterioration during transit to their final destination, as indicated in this Contract. The packaging shall be sufficient to withstand, without limitation, rough handling during transit and exposure to extreme temperatures, salt and precipitation during transit, and open storage. Packaging case size and weights shall take into consideration, where appropriate, the remoteness of the Goods’ final destination and the absence of heavy handling facilities at all points in transit.</p> <p>Transportation – Where the Supplier is required under Contract to deliver the Goods CIF, CIP, or DDP, transport of the Goods to the port of destination or such other named place of destination in the Philippines, as shall be specified in this Contract, shall be arranged and paid for by the Supplier, and the cost thereof shall be included in the Contract Price.</p> <p>Where the Supplier is required under this Contract to transport the Goods to a specified place of destination within the Philippines, defined as the Project Site, transport to such place of destination in the Philippines, including insurance and storage, as shall be specified in this Contract, shall be arranged by the Supplier, and related costs shall be included in the contract price.</p> <p>Where the Supplier is required under Contract to deliver the Goods CIF, CIP or DDP, Goods are to be transported on carriers of Philippine registry. In the event that no carrier of Philippine registry is available, Goods may be shipped by a carrier which is not of Philippine registry provided that the Supplier obtains and presents to the Procuring Entity certification to this effect from the nearest Philippine consulate to the port of dispatch. In the event that carriers of Philippine registry are available but their schedule delays the Supplier in its performance of this Contract the period from when the Goods were first ready for shipment and the actual date of shipment the period of delay will be considered force majeure.</p>

	The Procuring Entity accepts no liability for the damage of Goods during transit other than those prescribed by INCOTERMS for DDP deliveries. In the case of Goods supplied from within the Philippines or supplied by domestic Suppliers risk and title will not be deemed to have passed to the Procuring Entity until their receipt and final acceptance at the final destination.
2.2	Request for Payment accompanied by a detailed cost breakdown of analyses performed and a final written test report shall be submitted to MWSS RO within fifteen (15) calendar days from the date of sample receipt.
4	<p>The inspections and tests that will be conducted are:</p> <p>At any time during the term of the contract, an unannounced Laboratory Audit may be conducted by the MWSS RO to ascertain reliability and accuracy of the result of analyses undertaken only on MWSS RO samples.</p>

Section VI. Schedule of Requirements

The sampling frequency expressed as monthly stipulates sampling schedule of the MWSS-RO on the respective parameters to be tested/analyzed.

Section VII. Technical Specifications

Notes for Preparing the Technical Specifications

A set of precise and clear specifications is a prerequisite for Bidders to respond realistically and competitively to the requirements of the Procuring Entity without qualifying their Bids. In the context of Competitive Bidding, the specifications (*e.g.* production/delivery schedule, manpower requirements, and after-sales service/parts, descriptions of the lots or items) must be prepared to permit the widest possible competition and, at the same time, present a clear statement of the required standards of workmanship, materials, and performance of the goods and services to be procured. Only if this is done will the objectives of transparency, equity, efficiency, fairness, and economy in procurement be realized, responsiveness of bids be ensured, and the subsequent task of bid evaluation and post-qualification facilitated. The specifications should require that all items, materials and accessories to be included or incorporated in the goods be new, unused, and of the most recent or current models, and that they include or incorporate all recent improvements in design and materials unless otherwise provided in the Contract.

Samples of specifications from previous similar procurements are useful in this respect. The use of metric units is encouraged. Depending on the complexity of the goods and the repetitiveness of the type of procurement, it may be advantageous to standardize the General Technical Specifications and incorporate them in a separate subsection. The General Technical Specifications should cover all classes of workmanship, materials, and equipment commonly involved in manufacturing similar goods. Deletions or addenda should then adapt the General Technical Specifications to the particular procurement.

Care must be taken in drafting specifications to ensure that they are not restrictive. In the specification of standards for equipment, materials, and workmanship, recognized Philippine and international standards should be used as much as possible. Where other particular standards are used, whether national standards or other standards, the specifications should state that equipment, materials, and workmanship that meet other authoritative standards, and which ensure at least a substantially equal quality than the standards mentioned, will also be acceptable. The following clause may be inserted in the Special Conditions of Contract or the Technical Specifications.

Sample Clause: Equivalency of Standards and Codes

Wherever reference is made in the Technical Specifications to specific standards and codes to be met by the goods and materials to be furnished or tested, the provisions of the latest edition or revision of the relevant standards and codes shall apply, unless otherwise expressly stated in the Contract. Where such standards and codes are national or relate to a particular country or region, other authoritative standards that ensure substantial equivalence to the standards and codes specified will be acceptable.

Reference to brand name and catalogue number should be avoided as far as possible; where unavoidable they should always be followed by the words “*or at least equivalent.*” References to brand names cannot be used when the funding source is the GOP.

Where appropriate, drawings, including site plans as required, may be furnished by the Procuring Entity with the Bidding Documents. Similarly, the Supplier may be requested to provide drawings or samples either with its Bid or for prior review by the Procuring Entity during contract execution.

Bidders are also required, as part of the technical specifications, to complete their statement of compliance demonstrating how the items comply with the specification.

Technical Specifications

Item	Specification	Statement of Compliance
		<i>[Bidders must state here either “Comply” or “Not Comply” against each of the individual parameters of each Specification stating the corresponding performance parameter of the equipment offered. Statements of “Comply” or “Not Comply” must be supported by evidence in a Bidders Bid and cross-referenced to that evidence. Evidence shall be in the form of manufacturer’s un-amended sales literature, unconditional statements of specification and compliance issued by the manufacturer, samples, independent test data etc., as appropriate. A statement that is not supported by evidence or is subsequently found to be contradicted by the evidence presented will render the Bid under evaluation liable for rejection. A statement either in the Bidder’s statement of compliance or the supporting evidence that is found to be false either during Bid evaluation, post-qualification or the execution of the Contract may be regarded as fraudulent and render the Bidder or supplier liable for prosecution subject to the applicable laws and issuances.]</i>

Section VIII. Checklist of Technical and Financial Documents

Notes on the Checklist of Technical and Financial Documents

The prescribed documents in the checklist are mandatory to be submitted in the Bid, but shall be subject to the following:

- a. GPPB Resolution No. 09-2020 on the efficient procurement measures during a State of Calamity or other similar issuances that shall allow the use of alternate documents in lieu of the mandated requirements; or
- b. Any subsequent GPPB issuances adjusting the documentary requirements after the effectivity of the adoption of the PBDs.

The BAC shall be checking the submitted documents of each Bidder against this checklist to ascertain if they are all present, using a non-discretionary “pass/fail” criterion pursuant to Section 30 of the 2016 revised IRR of RA No. 9184.

Checklist of Technical and Financial Documents

I. TECHNICAL COMPONENT ENVELOPE

Class “A” Documents

Legal Documents

- (a) Valid PhilGEPS Registration Certificate (Platinum Membership) (all pages) **in accordance with Section 8.5.2 of the IRR;**

Technical Documents

- (b) Statement of the prospective bidder of all its ongoing government and private contracts, including contracts awarded but not yet started, if any, whether similar or not similar in nature and complexity to the contract to be bid; **and**
- (c) Statement of the bidder’s Single Largest Completed Contract (SLCC) similar to the contract to be bid, except under conditions provided for in Sections 23.4.1.3 and 23.4.2.4 of the 2016 revised IRR of RA No. 9184, within the relevant period as provided in the Bidding Documents; **and**
- (d) Original copy of Bid Security. If in the form of a Surety Bond, submit also a certification issued by the Insurance Commission **or** Original copy of Notarized Bid Securing Declaration; **and**
- (f) Conformity with the Technical Specifications, which may include production/delivery schedule, manpower requirements, and/or after-sales/parts, if applicable; **and**
- (f) Original duly signed Omnibus Sworn Statement (OSS) **and** if applicable, Original Notarized Secretary’s Certificate in case of a corporation, partnership, or cooperative; or Original Special Power of Attorney of all members of the joint venture giving full power and authority to its officer to sign the OSS and do acts to represent the Bidder.

Financial Documents

- (h) The prospective bidder’s computation of Net Financial Contracting Capacity (NFCC) **or** A committed Line of Credit from a Universal or Commercial Bank in lieu of its NFCC computation.

Class “B” Documents

- (i) If applicable, a duly signed joint venture agreement (JVA) in case the joint venture is already in existence **or** duly notarized statements from all the potential joint venture partners stating that they will enter into and abide by the provisions of the JVA in the instance that the bid is successful.

II. FINANCIAL COMPONENT ENVELOPE

- (j) Original of duly signed and accomplished Financial Bid Form; **and**
- (k) Original of duly signed and accomplished Price Schedule(s).

Other documentary requirements under RA No. 9184 (as applicable)

- (m) *[For foreign bidders claiming by reason of their country's extension of reciprocal rights to Filipinos]* Certification from the relevant government office of their country stating that Filipinos are allowed to participate in government procurement activities for the same item or product.
- (n) Certification from the DTI if the Bidder claims preference as a Domestic Bidder or Domestic Entity.

Annex-A

TERMS OF REFERENCE

1.0 BACKGROUND AND RATIONALE

Ensuring the safety, potability and acceptability of water is a vital necessity, most especially in a developing country like the Philippines. On the onset of water quality-related issues, the most affected group are the low-income families where water is regularly used for drinking and domestic activities. It is important to note that in these families, women are affected the most since they are mostly responsible for managing the household. Furthermore, presence of contaminants may impact human health, particularly, the vulnerable group – the elderly, children and pregnant women.

The 2017 Philippine National Standards for Drinking Water (PNSDW) prescribes the standards for a safe and potable water supply, and of quality acceptable by the consuming public. In particular, the Regulation requires that the quality of water intended for human consumption must meet the requirements of the current revision of PNSDW and this must be complied with at which it emerges from the taps that are normally used for human consumption.

Hence, the Water Quality Monitoring Program aims to ensure the safety, potability, and acceptability of the treated water supplied within the Concessionaires' respective service areas. The project would require for the regular sampling of treated water at the water treatment works (WTWs), and at Regulatory Sampling Points (RSPs) located within the cities and municipalities served by the Concessionaires.

2.0 PROJECT DESCRIPTION

The project is composed of water analysis by a third-party laboratory for (Lot I.) "Microbiological; and Physical and Chemical Parameters", and as indicated on **Appendix A**.

MWSS RO Sampling Personnel collect water samples from designated regulatory samplings points at WTWs and RSPs based on the sampling program described in the WQCD's Process Manual. The collected water samples are then submitted to the third-party laboratory for analysis.

Water analysis by the third-party laboratory follows the technical requirements and specifications, as stated in Section 4 and 5 of this document.

3.0 OBJECTIVE

The main objective of the Water Quality Monitoring Program is to ensure the safety and potability, and acceptability of the water supplied by the Concessionaires, through MWSS RO sampling and validation. Whereby, the intent of the Contract is to procure water quality analytical services in accordance with this Technical Specifications (Section 4).

4.0 QUALIFICATIONS OF THE CONTRACTOR

- 4.1 The Contractor must have, at the minimum, a valid and current ISO/IEC 17025 Accreditation and DOH Accreditation of Laboratory for Drinking Water Analysis.
- 4.2 The Contractor is required to have its laboratory or sub-office located within Metro Manila area.
- 4.3 The Contractor must be able to handle the anticipated number of samples that will be submitted during the term of the Contract. A typical analytical request is described in **Appendix A**.

5.0 OBLIGATIONS OF THE CONTRACTOR

- 5.1 The Contractor shall provide analytical services per the specifications in this Technical Specifications.
- 5.2 The Contractor shall provide properly cleaned/prepared and appropriate sampling bottles or containers, chemicals or reagents, coolers, and other materials necessary in the proper handling of the samples from the sampling points to the laboratory in order to maintain the integrity of the samples from the time of collection up to receipt by the testing laboratory.
- 5.3 During the term of the Contract, the Contractor shall maintain the necessary capability and capacity to provide the specified laboratory services within the required turnaround times.
- 5.4 The Contractor shall provide access to MWSS Regulatory Office (RO) and its authorized personnel to audit the laboratory to assure the accuracy and reliability of laboratory results related to the work performed. Access shall be provided during normal business hours. Notice of audit is not required.
- 5.5 The Contractor shall perform all analyses listed in **Appendix A**. In any instance, sub-contracting shall not be allowed, except on the parameters specified in the same appendix; and/or in the event of extraordinary circumstances or force majeure, subject to the approval of the MWSS RO-Water Quality Control Department.
- 5.6 As some sampling points are located outside Metro Manila, samples may arrive late in the afternoon at MWSS RO premises. In such instances, the Contractor shall receive samples during non-standard hours and conduct analysis within the required holding times specified in the latest editions of the Philippine National Standards for Drinking Water (PNSDW) or Standard Methods for the Examination of Water and Wastewater (SMEWW) published by APHA-AWWA.
- 5.7 The Contractor shall pick-up samples from the office of MWSS RO, at no cost to the latter. However, MWSS RO shall have the option to deliver the samples to the laboratory when circumstances warrant.

- 5.8 The Contractor shall assign a *Laboratory Manager* to handle all works from MWSS RO. The *Laboratory Manager* shall be the contact or point person for MWSS RO staff for all the needs/matters relating to the Contract.
- 5.9 In case of anomalous or non-conforming results, the Contractor shall endeavor to explain such results, in writing, to the satisfaction of MWSS RO.
- 5.10 The Contractor shall notify MWSS RO immediately of:
- 5.10.1 any changes in the aspects of its operation affecting its
 - legal, commercial, or organizational structure;
 - policies or procedures;
 - premises; and
 - other matters that may affect the laboratory's capability.
 - 5.10.2 any revocation of its Certification or Accreditation from the agency/body which issued the same.
- 5.11 The Contractor shall provide/deliver to MWSS RO, at no charge, the following items:
- 5.11.1 Sampling request forms, including Chain-of-Custody forms, and custody seals;
 - 5.11.2 Reagent grade chemicals and other materials necessary in the preservation of collected samples, such as, but not limited to hydrochloric acid, sulfuric acid or nitric acid in small dropper bottles, including pipettes which will be used in dispensing said chemicals;
 - 5.11.3 Certified clean sampling containers appropriate for the required tests, such as 125 mL pre-sterilized glass bottle with sodium thiosulfate (unless otherwise specified) for bacteriological analysis, etc., or other sample container appropriate for the required test parameter, delivered at least one (1) working day before the scheduled sampling;
 - 5.11.4 Coolers/ice chests, ownership of which shall remain with the Contractor. In general, "blue ice" may not be required from the Contractor.

6.0. TECHNICAL REQUIREMENTS

6.1. Analytical Methods

- 6.1.1. The Contractor must perform the required tests using only methods of analysis specified in **Appendix B**. Alternative analytical methods may be used by the Contractor subject to the approval of MWSS RO.

6.1.2. The Contractor must have, at the minimum, a valid and current ISO 17025 Certification and DOH Accreditation on the parameters with the corresponding analytical method listed in **Appendices A and B**. However, it is anticipated that the Contractor may not have accreditation or certification in all the parameters with the analytical method specified in **Appendix B**. In such case, the Contractor is required to submit a certified copy of the analytical method used in the measurement for the approval by the MWSS RO. The measuring method must be a standard method and fully documented, and must bear the approval from the Contractor's management. At the minimum, the documented method must include details of:

- Scope/ performance characteristics/ estimate of uncertainty
- Principles
- Hazards and disposal of waste materials
- Reagents and standards
- Equipment
- Sample collection, preservation and preparation
- Calibration procedure
- Quality control
- Calculation and reporting
- Reference for the method

6.2. Control or Blind Samples/ Regular Samples

6.2.1. As part of its quality assurance/quality control program in the laboratory testing procedure, MWSS RO, from time to time, may submit field and/or trip blanks, and Certified Reference Materials (CRMs) to the Contractor as blind or control samples, together with the samples collected by the MWSS RO's Sampling Personnel.

6.2.2. The field and/or trip blanks are similar in appearance and submission as regular samples. The Contractor shall not be informed that field and/or trip blanks are included in the submission and therefore will be treated as regular samples in as far as submission of test reports on the result of the analysis is concerned.

6.2.3. Certified Reference Materials (CRMs) as control or blind samples shall be treated by the Contractor as regular samples submitted by MWSS RO. Thus, the Contractor shall be required to submit test reports on the result of the analysis, similar to test reports given by the Contractor for regular samples. In all test reports, the Contractor should include any deficiency associated to any sample each time a test result fails acceptable QA/QC limits.

6.2.4. In case of any quality control problem associated with any batch of MWSS RO samples, the Contractor shall invalidate all results in all those samples included in that sample batch.

- 6.2.5. In case test result for a Control or Blind sample is assessed by the MWSS RO unacceptable or out of range as indicated in the CRM Certificate, the MWSS RO shall inform the Contractor, through phone or email, to invalidate all test results included with the pertinent Control or Blind sample, and to inform the Contractor of a resampling on a schedule specified by the MWSS RO. Samples collected during the resampling shall be analyzed, at the cost of the Contractor, including any control sample, if any. However, if the failure in the control samples resulted from field contamination, the cost of the analysis on the resampling shall be borne by the MWSS RO.
- 6.2.6. The Contractor shall send, in writing, a notification of the invalidation within three (3) working days upon receipt of the information from the MWSS RO.
- 6.2.7. Two succeeding failures of the Contractor to analyze and report results within acceptable QA/QC limits or acceptable values for CRMs can result in termination of the Contract.

6.3. Laboratory Audits

- 6.3.1. During the term of the Contract, MWSS RO may conduct its own announced or unannounced audit at the Contractor's laboratory to ascertain reliability and accuracy of the results of the analyses undertaken only on samples submitted by MWSS RO.

6.4. Sample Receipt

- 6.4.1. Samples collected by MWSS RO for the day shall be picked-up by the Contractor until 1:30 PM of the same day at the office of MWSS RO. However, in case of unforeseen circumstances (e.g., heavy traffic, traffic accident, etc.), MWSS RO shall notify the Contractor, through phone. The Contractor shall be available to extend the time of picking-up the samples at the MWSS RO.
- 6.4.2. In the event that MWSS RO shall submit samples to the Contractor's laboratory, the Contractor shall provide sample receipt until 5:00 PM.

6.5. Handling of Samples

- 6.5.1. Any sample received by the Contractor's Laboratory that is rendered unacceptable for analyses while in possession of the Contractor, shall be reported to MWSS RO within six (6) hours from the time of submission.
- 6.5.2. A handling violation is considered to have occurred when the Contractor renders a sample unusable; or reports a sample that is rendered unacceptable for analyses in excess of the 6-hour requirement. Violation shall result in MWSS RO resampling wherein the analytical cost of the samples collected shall be borne by the Contractor, including control samples, if any. Violation in excess of two (2) times during the Contract period may result in the termination of the Contract.

6.6. Record Keeping, Retention and Confidentiality of Reports

- 6.6.1. The Contractor shall maintain documentation of all raw, final, and supporting quality control data of results of analyses made for a minimum of five (5) years.
- 6.6.2. The Contractor shall provide a written and/or electronic copy of any requested historical report within ten (10) calendar days, when requested.
- 6.6.3. The Contractor shall not disclose data or disseminate the contents of the final or any preliminary report of analyses to a third party without the prior written consent of MWSS RO.

6.7. Turnaround Time

6.7.1. Sample Turnaround Time.

- 6.7.1.1. The sample turnaround time is the time elapsed between the receipt of the sample by the Contractor and the time the analytical procedure was started.
- 6.7.1.2. Analyses of all samples must be initiated or conducted within the sample turnaround time specified in Appendix B.
- 6.7.1.3. No payment shall be made for analysis of samples if the required sample turnaround time is exceeded. This is to ensure that the integrity of the sample has been maintained from the time it was received up to the time the laboratory has completed the required test.

6.7.2. Report Turnaround Time

- 6.7.2.1. The report turnaround time is the time elapsed between the receipt of the sample by the Contractor and the time the sample results are submitted to MWSS RO.
- 6.7.2.2. Analytical results must be submitted to MWSS RO within the required time also specified in Appendix B.
- 6.7.2.3. The Contractor shall inform through email without delay the MWSS RO WQCD for tests that fail the PNSDW or any standard limits set by the MWSS RO for specific parameters.

6.7.3. Special Resampling Request

- 6.7.3.1. With the implementation of the Revised Concession Agreement (RCA), a resampling may be scheduled by MWSS RO.
- 6.7.3.2. MWSS RO shall inform the Contractor of any special resampling request through telephone or email. The samples collected for this request shall be used for the imposition of penalty to the Concessionaires, thus, shall be prioritized and immediately analyzed. The Contractor must be capable of supplying MWSS RO with reports of analysis, through email.

7.0. DELIVERABLES

- 7.1. Reports shall be submitted in hard copy form and in electronic format acceptable to MWSS RO.
- 7.2. Written report for routine samples, including control samples, if any, shall be submitted to MWSS RO as stated in the report turnaround time.
- 7.3. A single analytical report shall be issued for all analyses submitted on a single chain-of-custody.
- 7.4. One (1) original hard copy of analytical results shall be furnished for each sample submitted for analysis, including chain-of-custody form. Reports shall be delivered via courier or by hand to MWSS RO.

8.0. REQUEST FOR PAYMENT

- 8.1. Request for Payment accompanied by a detailed cost breakdown of analyses performed and a final written test report shall be submitted to MWSS RO within ten (10) calendar days from the date of sample receipt.

Contract Agreement Form for the Procurement of Goods (Revised)

[Not required to be submitted with the Bid, but it shall be submitted within ten (10) days after receiving the Notice of Award]

CONTRACT AGREEMENT

THIS AGREEMENT made the ____ day of _____ 20____ between [name of PROCURING ENTITY] of the Philippines (hereinafter called “the Entity”) of the one part and [name of Supplier] of [city and country of Supplier] (hereinafter called “the Supplier”) of the other part;

WHEREAS, the Entity invited Bids for certain goods and ancillary services, particularly [brief description of goods and services] and has accepted a Bid by the Supplier for the supply of those goods and services in the sum of *[contract price in words and figures in specified currency]* (hereinafter called “the Contract Price”).

NOW THIS AGREEMENT WITNESSETH AS FOLLOWS:

1. In this Agreement words and expressions shall have the same meanings as are respectively assigned to them in the Conditions of Contract referred to.
2. The following documents as required by the 2016 revised Implementing Rules and Regulations of Republic Act No. 9184 shall be deemed to form and be read and construed as integral part of this Agreement, viz.:

- i. Philippine Bidding Documents (PBDs);
 - i. Schedule of Requirements;
 - ii. Technical Specifications;
 - iii. General and Special Conditions of Contract; and
 - iv. Supplemental or Bid Bulletins, if any

- ii. Winning bidder’s bid, including the Eligibility requirements, Technical and Financial Proposals, and all other documents or statements submitted;

Bid form, including all the documents/statements contained in the Bidder’s bidding envelopes, as annexes, and all other documents submitted (*e.g.*, Bidder’s response to request for clarifications on the bid), including corrections to the bid, if any, resulting from the Procuring Entity’s bid evaluation;

- iii. Performance Security;
- iv. Notice of Award of Contract; and the Bidder’s conforme thereto; and

- v. Other contract documents that may be required by existing laws and/or the Procuring Entity concerned in the PBDs. **Winning bidder agrees that additional contract documents or information prescribed by the GPPB that are subsequently required for submission after the contract execution, such as the Notice to Proceed, Variation Orders, and Warranty Security, shall likewise form part of**

the Contract.

3. In consideration for the sum of *[total contract price in words and figures]* or such other sums as may be ascertained, *[Named of the bidder]* agrees to *[state the object of the contract]* in accordance with his/her/its Bid.
4. The *[Name of the procuring entity]* agrees to pay the above-mentioned sum in accordance with the terms of the Bidding.

IN WITNESS whereof the parties hereto have caused this Agreement to be executed in accordance with the laws of the Republic of the Philippines on the day and year first above written.
